

Valda has been researching the landowners in the parish in 1844. One such landowner was Mary Bagnall, a relative of the Reverend Samuel Bagnall, an occupier of Hatton Cottage. He was the curate at Christ Church, Weston Point. Come to Valda's talk in July to find out about more landowners

Here are two pictures of Daresbury school, but we have no dates. Any ideas?

I came across this picture of St Faith's church in Preston Brook, but I don't know who painted it. Do you? The church was funded by Sir Gilbert Greenall and opened in 1888. It closed many years ago and has since been converted into residential accommodation.
